## OrCam Read 3

# Personalize Your Visual Journey

### Your All-in-One Solution with an Interactive AI Assistant

OrCam Read 3 is an all-in-one solution for people with vision loss or reading fatigue, or who find reading challenging. It can be used as a **next-generation magnifier** for pictures, handwriting, math formulas, and text, as a **handheld reading companion**, or as a **stationary reader**.

Whether you prefer to read at your own pace or have OrCam Read 3 read to you, the choice is yours!

# The Ultimate All-in-One Solution

OrCam Read 3 is a integrative tool that consists of:

## 1. Handheld device - for portable text-to-speech reading

The newly-redesigned OrCam Read 3's user-friendly yellow buttons, and expanded voice options, offer a seamless reading experience. With this portable device, you can instantly access and listen to printed or digital text from any surface, whether you're at home or on the go. Additionally, the Smart Reading feature enables you to effortlessly locate, and navigate to specific words within the text.

- ❑ Read any text, printed or digital
- ❑ Capture full pages
- ❑ Smart Reading and voice commands
- ❑ Instant summarization of any text\*
- ❑ Easy to use

## 2. Next-generation browser-based\* magnifier.

OrCam Read 3 and its specially-designed stand turn any screen into a browser-based magnifier. Zoom in on text, handwriting, photos, graphics, and math equations. Extract text, customize the text formatting and choose to read by yourself or have OrCam Read 3 read aloud to you.

- ❑ Zoom in & out
- ❑ Customize contrast
- ❑ Copy, paste & save
- ❑ Read aloud any text
- ❑ Read Handwriting

## 3. Stationary Reader

For hands-free reading, place the device on the specially-designed stand. It will read any printed or digital text aloud, so all you have to do is sit back and listen.
